ABOUT ME

I'm a UX/UI Designer passionate about blending aesthetics with functionality to create intuitive, user-centered experiences. I design visually engaging interfaces and seamless interactions that prioritize usability, ensuring every design decision is guided by user needs and behavior. I've worked on designing multiple mobile and web applications—from wireframes to high-fidelity prototypes—focused on delivering smooth, responsive user journeys. With experience in graphic design, HTML, and CSS, I bring concepts to life while maintaining simplicity, consistency, and functionality across platforms.

WORK EXPERIENCE

UX/UI Designer (Full-Time)

INTEXM MEDIA

2024 - Present (2025)

I focus on creating clean, user-friendly interfaces that combine visual appeal with seamless functionality. I have designed multiple mobile and web app interfaces—from wireframes to high-fidelity prototypes—ensuring intuitive user flows and responsive layouts. My skills in graphic design, HTML, and CSS help transform design concepts into development-ready assets that enhance user experience across digital platforms.
