UX / UI DESIGNER

Madasu Sai Kiran

+91 79812 31628 · Saikiran123.madasu@gmail.com · Khammam, Telangana · saikiran1madasu.github.io/portfolio

PROFILE

UX/UI Designer with a proven track record of shipping 13+ responsive web platforms and 3 mobile applications across fintech, marketing, and SaaS products. Specializes in end-to-end product design: from user research, heuristic audits, and information architecture to high-fidelity UI, design systems, and rapid prototyping in Figma. Highly proficient in collaborating cross-functionally with engineers and product stakeholders to transform complex user flows into intuitive, accessible, and conversion-focused digital experiences.

EXPERIENCE

UX/UI Designer

2024 — PRESENT

Intexm Media · Full-time

- Lead end-to-end product design across mobile applications and responsive web platforms in fintech, resulting in a 22% uplift in user onboarding conversion.
- Conducted qualitative user interviews, usability testing sessions, and journey mapping to identify user friction points and optimize high-value transaction funnels.
- Architected and maintained comprehensive multi-brand design systems in Figma utilizing Auto Layout, component variants, and design tokens to streamline developer handoff by 30%.
- Designed high-converting landing pages and promotional campaign portals compliant with WCAG accessibility guidelines, driving a 15% increase in user engagement.
- Collaborated daily with frontend engineers and product managers in agile sprints to ensure pixel-perfect implementation across mobile and desktop breakpoints.

Independent UX/UI Designer

ONGOING

Freelance · Contract

- Delivered full-cycle UI/UX design for 1 mobile application and 2 responsive client websites, driving projects from initial wireframing to interactive prototypes.
- Facilitated stakeholder discovery workshops, defined user personas, crafted user flows, and conducted competitor benchmarking to inform product strategy.
- Performed usability audits and heuristic evaluations on live products, improving core navigation structures and reducing task completion times by 25%.
- Developed responsive, production-ready marketing landing pages utilizing modern web builders, Tailwind CSS, and AI-assisted workflows.

SELECTED WORK & KEY PROJECTS

Fintech Mobile Applications — 3 Apps

Architected intuitive iOS & Android experiences for fintech and rewards platforms. Designed biometric login, wallet dashboards, transaction histories, and gamified reward systems with end-to-end design handoff.

Marketing & Web Platforms — 13+ Websites

Designed and deployed responsive web platforms and SaaS marketing pages with focus on visual storytelling, micro-interactions, responsive typography, and high-conversion lead generation.

Campaign Portals & User Journeys

Engineered multi-step onboarding funnels and promotional campaign experiences adhering strictly to UGC platform guidelines and WCAG 2.1 AA accessibility standards.

Design System & Component Library

Created a unified design system comprising atomic UI components, typography scales, color tokens, and interactive prototype guidelines in Figma.

CORE DESIGN SKILLS

RESEARCH
- User Interviews
- Usability Testing
- Competitor Benchmarking
- Qualitative & Quantitative

STRATEGY
- Information Architecture
- User Journey Mapping
- User Flows & Wireflows
- Personas & Empathy Mapping

VISUAL & SYSTEMS
- Low-Fidelity Wireframing
- High-Fidelity UI Design
- Interactive Prototyping
- Design Systems & Tokens

TOOLS & TECHNOLOGIES

UI/UX DESIGN
- Figma (Auto Layout)
- Design Tokens
- FigJam
- Balsamiq

PROTOTYPING
- Adobe XD
- Framer
- Interactive Flows
- Zeplin Handoff

AI WORKFLOW
- Cursor AI
- Antigravity
- Claude
- ChatGPT Prompting

FRONTEND & WEB
- HTML5 & CSS3
- Tailwind CSS
- Wix Studio
- Responsive Layouts

DOMAIN EXPERTISE & COMPETENCIES

Fintech & Payment Flows | SaaS & Web Applications | Mobile-First App Design | Design Systems & Tokens | Conversion Rate Optimization | WCAG 2.1 AA Accessibility | Heuristic Evaluations | Cross-Functional Agile Handoff

CERTIFICATIONS & EDUCATION

Google UX Design Professional Certificate (COURSERA)
End-to-end UX research, wireframing, interactive prototyping, and cross-platform Figma design systems.

User Experience Design (ACCENTURE)
Design strategy, usability testing, heuristic evaluation, and cross-functional agile collaboration.

Human-Centered Design 201: Prototyping (ACUMEN ACADEMY)
Rapid concept testing, low-to-high fidelity iterations, and interactive user validation.

Introduction to Human-Centered Design (ACUMEN ACADEMY)
User empathy mapping, field interview methods, and problem framing for impactful solutions.

Visual Communication & Design Theory (NPTEL (SWAYAM))
Visual hierarchy, grid layouts, typography principles, and color psychology.

Augmenting Design Thinking with HCI (NPTEL (SWAYAM))
Cognitive load optimization, interface ergonomics, and human-computer interaction frameworks.

Aditya University 2020 — 2023
B.Tech, Mining Engineering

Anurag Engineering College 2017 — 2020
Diploma, Mining Engineering
